THE BLUE RECYCLING BIN

All households should have a bin, if you do not have a bin please contact Dependable Sanitation. Your recycling bin stays at your current residence, if you move, DO NOT take the bin with you. Leave it for the next recyclers who move into your house. If your bin is damaged please call Dependable Sanitation to obtain a replacement. Put the blue bin curbside on your scheduled trash pickup day, recyclables will not be picked up in alleys. Be sure everything is out by 7:30 A.M.

PLEASE KEEP YOUR BINS WASHED!

"COMMONLY ASKED QUESTIONS"

Q: HOW DO I RECYCLE?

A: Place rinsed plastics and cans directly in the blue bin. These materials do not need to be kept separate; they are sorted at the Center. All papers should be placed in preferably paper sacks, positioned so that the material will not blow out. Put the blue bin curbside on your scheduled trash pickup day, recyclables will not be picked up in the alleys. Be sure everything is out by 7:30 A.M.

Q: WHAT IF I HAVE MORE RECYCLING THAN WHAT FITS IN MY BIN?

A: Fill your bin and put excess recycling in labeled boxes or a labeled container of your choosing. Place the excess behind your bin so collectors know to stop.

Q: WHAT IS CORRUGATED CARDBOARD?

A: Corrugated cardboard is thick cardboard mostly used for boxes, you can identify it by its "squiggly" center core.

Q: DO I HAVE TO REMOVE LABELS?

A: We prefer you do on metal cans with paper labels. It is not necessary on plastic containers.

Q: CAN I DROP OFF RECYCLABLES AT THE RECYCLING CENTER?

A: If you have a large quantity of recyclable materials or are not currently on a collection route, you may drop items off at the center.
